ENROLMENT IN SINGLE TEACHINGS

Students wishing to attend only a few teachings, chosen from the training offer of the current Academic Year, may enrol in single teachings up to a maximum of 3 per Academic Year.

Students must have the study qualification required for admission to the Degree Programme which the teaching is part of. Therefore, a five-year high-school diploma is required for enrolling in a teaching of a three-year Degree Programme or a single-cycle Master's Degree Programme, whereas a University Degree is required for enrolling in a (second-level) two-year Master's Degree Programme.

Enrolment in single teachings is compatible with the enrolment in other degree programmes.

WHEN

Enrolment should be done before the lessons start. Before enrolling, students choosing a single teaching for which compulsory attendance is provided and lessons have started already, shall get the written positive opinion of the professor in charge of the teaching. Enrolments after the end of the lessons and in any case after 30 June will not be accepted.
